

Chengkou Kaishan down-the-hole drilling rig factory

The KG510/KG510H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder engine ...

Automatic anti-jamming function improves the adaptability to complex rock formations, maximizing prevention of jamming accidents. Our down-the-hole ...

The KT12 integrated down the hole drill rig is driven by the Cummins China stage III diesel engine and the two-terminal output can drive the screw compression ...

Kaishan Separated DTH Surface Drill Rig is used for open pit, mine, quarry, construction etc. And this mine drilling rig is with good integrity, environmental ...

The KG520/KG510H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

Automatic anti-jamming function improves the adaptability to complex rock formations, maximizing prevention of jamming accidents. Our down-the-hole drilling rig features high drilling accuracy ...

The KG420S/KG420SH down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. The drill rig is equipped with the two ...

The KG520/KG520H down the hole drill rig is designed for large and medium-sized quarries and contractors. The drill rig features a folding frame track and four wheel drive. The track leveling ...

The KG520/KG520H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder engine ...

The ZT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

The KT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes. mainly used for open-pit mine, stonework ...

Product name DTH Drilling rig Drilling diameter 90-105mm Application Construction Drilling depth 24m Walking speed 0-3 KM/H Power 176KW Rotary torque 1680N.m Max push pull force ...

Chengkou Kaishan down-the-hole drilling rig factory

The KT15 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating down the hole drilling system and screw air compression system.

The ZT10 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

The KG590/KG590H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries.

The KG520/KG520H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped ...

The KG430/KG430H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

The KG420S/KG420SH down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions. The drill ...

Kaishan KT7D integrated open-pit down-the-hole drilling rig is an advanced drilling equipment that integrates the down-the-hole drilling system and the ...

kaishan KG430 blast hole drill rig / mine drilling rig The KG430 down the hole drill rig mine drilling rig for open use is an improved device in compliance with national regulations in diesel-engine ...

The KG310/KG310H down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai double-cylinder ...

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art drilling equipment capable of drilling vertical, inclined and ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

The KGH5Alll down the hole drill rig for open use is an improved device in compliance with national

Chengkou Kaishan down-the-hole drilling rig factory

regulations on environmental protection. Equipped with the Yuchai four-cylinder ...

The KG320/KG320H down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...

The KT12 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit minestonework blast ...

Zhejiang Kaishan Heavy Industry, part of Kaishan Group, manufactures advanced drilling equipment for mining, military, and construction. We offer safe, efficient, and ...

The KG420T/KG420TH down the hole drill rig for open use is an improved device in compliance with national regulations on diesel engine emissions. Equipped with the Yuchai four-cylinder ...

The KT9C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

Established in 1956, KAISHAN is a world leading manufacturer of rock drilling equipment and air compressors and specialized in manufacturing a wide range of rock drilling rigs and air ...

Kaishan Factory Price For Stone Quarrying Crawler Down The Hole Dth Mine Drilling Rig Kg420, Find Complete Details about Kaishan Factory Price For Stone Quarrying Crawler Down The ...
