

Dongyang Air Leg Pneumatic Rock Drill

They are robust designed, with high impact energy and low air consumption. All of the rock drills have water flushing, rifle bar rotation and the pusher leg control is placed at the back head of ...

Rock drilling tools manufacturer ProDrill: Model No. YT28 Pusher Leg Rock Drills are applied for underground mining, drifting. Features: 1. Grouped control mechanism, quick of start up, with ...

Our rock drills are all guaranteed for one year. The quality is at the same level as Atlas Copco and Ingersoll-Rand. Contact us to help you choose the right rock drill.

YT29A Pusher Leg rock drill (Jack Leg) YT29A air leg rock drill jack hammer/ bosch breaker hammer power tools : 1.Good quality with strict quality system ...

Our pneumatic rock drills can be divided into two parts, one is hand-held rock drill, the other is air-leg rock drill. Both of them have excellent drilling performance. For hand-held rock drills, ...

The Y28 Rock drill can be matched with the FT160BC short air leg or FT140BD long air-leg to use in the basis of the width of rock. Also it can be fixed on drilling-vehicle or drilling-shelf.

Brief Introduction of Y19A JACK HAMMER 1.Y19A Hand-held and Air-leg Pneumatic Rock Drill mainly used for drilling work in small quarries, limestone mine, rock blast in road construction ...

Our rock drills are fully equipped to ensure long service life, high energy efficiency, low air consumption, as well as easy installation and operation. The rock drill machines are well ...

Air leg rock drill is rock drilling equipment with high impact energy, and lower air consumption is widely fitting for underground mine, railway traffic, water ...

The YT27 air-legged rock drill is a highly efficient lightweight rock drill suitable for downward or inclined drilling in medium-hard or hard ($f=8 - 18$) rock with a ...

Compared with similar pneumatic products, the YT28 air-leg rock drill has the advantages of low failure rate, fast rock drilling speed, long service life of ...

Air-leg rock drilling is a high efficiency rock drilling machine. It's widely used in mining and roadway drivage of drilling operation. Also it's a important tool for railway, water ...

YT29A Pusher Leg rock drill (Jack Leg) YT29A air leg rock drill jack hammer/ bosch breaker hammer power

Dongyang Air Leg Pneumatic Rock Drill

tools : 1.Good quality with strict quality system control, ISO9001,MA,CE : ...

Depending on the roadway cross-section size and operation conditions, the machine can be used FT160A gas legs, long FT160C type gas type, FT160B ...

Product Description: PANDADRILL Hand-held Rock Drill is widely used for dry drilling in the medium-hard and hard rock. It is mainly used for blasting holes ...

Product Description: Air leg rock drill is rock drilling equipment with high high impact energy, and lower air consumption, it is widely fitting for coal mine, ...

Depending on the roadway cross-section size and operation conditions, the machine can be used FT160A gas legs, long FT160C type gas type, FT160B dispirited legs (metal mines can also be ...

ProDrill produces high quality Air leg rock drills,pusher leg rock drills,rock drilling tools,underground mining,tunneling,drioting,pneumatic air leg rock drills for 15 ...

Discover the essential air pressure and CFM requirements for pneumatic rock drills, their impact on efficiency, and strategies for improving drill performance. Learn how to match ...

Want to know more factory price pneumatic rock drill details? Air-leg and handheld pneumatic rock drill for sale in YG Machinery. Click now!

Jack Hammer Y series of pneumatic rock driller are mainly used in mine, railway, water irrigation works and quarrying works to drill holes. Rock Drill Jack ...

Short Description: YT24 type pneumatic rock drill is widely used in mine roadway drivage of drill hole, and a variety of engineering work is metallurgy, coal, ...

The Y28 Rock drill can be matched with the FT160BC short air leg or FT140BD long air-leg to use in the basis of the width of rock. Also it can be fixed on ...

Air leg rock drill is rock drilling equipment with high high impact energy, and lower air consumption, it is widely fitting for coal mine, railway traffic, water ...

Forging technology makes drill more durable With forging technology,lower rotational speed at the same drilling depth,making drill more durable. Small air consumption Smaller air ...

The YT28 rock drill adopts an air leg design, which has strong impact force and high frequency impact ($>=37\text{Hz}$), and can drill efficiently in medium hardness and hard rock formations, suitable ...

Dongyang Air Leg Pneumatic Rock Drill

Compared with similar pneumatic products, the YT28 air-leg rock drill has the advantages of low failure rate, fast rock drilling speed, long service life of wearing parts, low noise, light weight ...

Air leg rock drill is a tool work in quarrying, construction and mining, which uses compressed air to drive rock drilling tools for rock drilling ...

D Miningwell Handheld Pneumatic Air Leg Drill Rock Tool Drilling Machinery, Find Details and Price about Jack Hammer Jack Hammer Drill Portable from D ...

High quality Air Leg YT28 pneumatic rock drill for drilling works in aquarries from China, China's leading geothermal drilling rigs product, with strict quality ...

They are robust designed, with high impact energy and low air consumption. All of the rock drills have water flushing, rifle bar rotation and the pusher leg control ...

YT28 Air Leg Pneumatic Rock Drill Machine for Quarry and Mining. Durable, efficient, and versatile. Perfect for drilling in tough environments. Shop now!| Alibaba

YT27 Pneumatic Air Leg Rock Drills Before Use: 1,Check the integrity and rotation of all parts (including rock drill, bracket, or rock drill cart) before ...
