

Down-the-hole drilling rig integrated machine electric

Equipped with Cummins diesel and high-efficiency dust collection system. Can be used for drilling blast holes and pre-splitting holes in open-pit mines and st...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and ...

DTH Full Hydraulic All-in-One Integrated Crawler Mining Drilling Rig, Find Details and Price about Down The Hole Drill Rig Hydraulic Drill Rig from DTH Full Hydraulic All-in-One ...

A high air pressure screw rod with our intellectual property is mounted on the machine. KT5C Integrated Down the hole Drill Rig for Open Use The KT5C ...

The YG integrated surface DTH drill rig, with its flexible diesel-electric powertrain, personalized all-electric customization, and convenient remote control, has become a highly effective ...

The down-the-hole drilling Rigs that combine the power unit, air compressor, and hydraulic drilling system into one mobile structure. Unlike Split-Type DTH Rigs, these units are designed for ...

Down the hole drill rig, or DTH drilling rig, is a specialized drilling machine designed to operate with a drill bit that is directly powered and rotated within the borehole.

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

The KT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes. mainly used for open-pit mine, stonework ...

Different Models of Down the Hole Drilling Rigs: YGD-70/100 DTH Drilling Rig YGD70/100 DTH drilling rig is a kind of compound power model, powered by a ...

MWYX-420 separated DTH drilling rig is equipped with a dual-motor rotary head and a rotary speed-adjustable multi-way valve. The rotary torque can be 2200N.m, which meets the needs ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH blasthole drilling in mining, quarry and ...

Down-the-hole drilling rig integrated machine electric

The Integrated down the hole drill rig for open use is a new drilling device to meet the needs of large open-pit mines. Its travelling, propulsion, rotation and angle ...

Optimize your drilling operations with the Zega D440A integrated DTH drill rig, offering a drilling depth of 28m and a bore size of 90-138mm. Ideal for demanding drilling projects.

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

Drill Rig ZEGA D440+, one machine can do it all to increase stripping speed and control rate. Lighter weight and compact size allows easy moving between work sites and benches.

Our KT7C integrated surface DTH drilling rig is designed to drill rocks quicker than normal equipment. It is equipped with a high-pressure screw air compressor, which enables you to ...

An Integrated DTH (Down-the-Hole) Drill Rig is an advanced drilling system designed for efficient and precise drilling in hard rock formations. It combines ...

Designed for DTH blasthole drilling in mining, quarry and construction industries, it comes with an operator's cabin, fixed boom, dry dust collector and drill pipe changer.

This integrated down the hole drill rig combines air compressor and drilling functions, perfect for DTH boring machine operations in mining.

Our KT7C integrated surface DTH drilling rig is designed to drill rocks quicker than normal equipment. It is equipped with a high-pressure screw air ...

An Integrated DTH (Down-the-Hole) Drill Rig is an advanced drilling system designed for efficient and precise drilling in hard rock formations. It combines the power of a DTH hammer with a ...

Product Description 1. The KT5C Integrated down-the-hole drill rig for open use is an advanced drilling device integrating the down-the-hole drilling system and screw air compressor system, ...

The ZT5 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

Our KT15 integrated surface DTH drilling rig is designed by drawing inspiration from previous models. It can satisfy most needs of operators by providing a ...

Capable of operating with both down-the-hole hammers and auger spiral drills, this robust rig is renowned for

Down-the-hole drilling rig integrated machine electric

its high efficiency, strong torque, wide drilling diameter range, and superior ...

Designed for DTH blasthole drilling in mining, quarry and construction industries, it comes with an operator's cabin, fixed boom, dry dust collector and drill pipe ...

As one of the most professional crawler mounted drill rig manufacturers, TAIYE fully hydraulic down-the-hole drilling rigs cover a bore diameter of 90-255mm. ...

This paper solves the technical problems of electric drive, heavy load and intelligent control, and a set of full-electric intelligent drilling system was designed based on the technologies. The ...
