

Handan core drilling rig quotation inquiry

Who is core drilling?

We are a leading supplier of mining equipment. Core drilling is a specialized area with a unique set of demands. For more than 100 years, people around the world have depended on our rigs to deliver excellent results.

What is a surface core drill rig?

Our surface core drill rigs are engineered to meet the demands of hydraulic core sample drilling, geotechnical engineering, and exploration drilling projects. With easy transportability in standard container sizes, they are the perfect solution for projects that require quick mobilization without compromising on performance or reliability.

Why should you use our underground core drill rigs?

For over 100 years, exploration professionals have depended on our rigs' ability to withstand the elements and consistently deliver excellent results. Our underground core drill rigs are advanced, versatile and ergonomic. They have a compact design specifically for the underground environment and a wide range of applications.

Which diamec rigs are best for underground core drilling?

For underground core drilling exploration tasks, Epiroc offers the well-established and trusted Diamec range of machines. Diamec rigs are available in a wide variety of forms. The Diamec 232 is a small, portable machine which can be lifted onto a trailer and driven to the work site.

Why should you choose rig source for core drill rig rentals?

When you choose Rig Source for core drill rig rentals, you can rest assured that your unit is in outstanding condition and ready to work. Our rental department is excellent at providing you with various rental options that include weekly and monthly rental rates.

Which diamec rigs have a rod handling system?

Selected Smart Diamec rigs are available with a rod handling system. The flagship of the Diamec range is the Diamec Smart 6M. The Diamec Smart 6M from Epiroc combines the best of two worlds - the high productivity and accuracy of a Diamec core drilling rig, with the mobility of a well-proven, robust Boomer S2 platform.
