

Kaishan down-the-hole drilling rig accessories

The KG420H down the hole drill rig for open use is equipped with a dust collector, thus making operation more environment-friendly and reliable.

The KG726III/KG726HIII dth drill rig for open use is equipped with a dust collector, thus making operation more environment-friendly and reliable.

Multi-function Geothermal Water Well Drilling Rig (Truck Mounted Type Optional) Our KW series water well drilling rig and geothermal drilling rig can make a ...

Categories: All Products, Kaishan Drilling Rigs, Rock Drilling Tools Description: The KT11 integrated surface DTH drilling rig utilizes a single Cummins three-cylinder diesel engine with ...

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries. Our product line ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, characterized by compact ...

We are the biggest air compressor and drilling equipment manufacturer in China. Our products include borehole drilling rig, water well drilling rig, industrial piston air compressor, and ...

The KT12 integrated down the hole dnil rig for open use can driling vertical, inclined and horizontal holes, mainly used for open-pit minestonework blast ...

The KG420S/KG420SH down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw compression ...

The KT25 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes,mainly used for open-pit mine,stonework ...

The KT7C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

Kaishan down-the-hole drilling rig accessories

Our KT15 integrated surface DTH drilling rig is designed by drawing inspiration from previous models. It can satisfy most needs of operators by providing a ...

The KG430/KG430H down the hole (DTH) drill rig is engineered for high efficiency open pit mining and stone quarrying use. The track drill features tramming and ...

This geothermal driller solves the difficulty of DTH drilling rig in drilling soil and solves the construction problems of rotary drilling rigs in hard rock layer, ...

China Kaishan KT7C 105mm Intergrated Blast Hole crawler diesel rock drill mine drilling rig Mining Rock Drill Rigs Chinese 80 to105 mm Portable Hard Rock Drilling Rig Machine ...

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

It is suitable for open-pit mining, with fast drilling speed, easy to move, easy to operate and long service life.If you want to learn details, please contac...

Kaishan KT7D integrated open-pit down-the-hole drilling rig is an advanced drilling equipment that integrates the down-the-hole drilling system and the ...

Surface Drill Rigs Surface Down-the-Hole Drill Rigs Rotary Blasthole Drilling Rig, KG310/KG310H Hole diameter: 78-105mm Hole depth: 20m Feed extension ...

The hydraulic design technology is innovatively applied to the light down-the-hole drilling rig, which is highly efficient and energy-saving. 2. Driven by a hydraulic motor, the rotary torque is ...

Are you wondering which kind of drilling rig and compressor are the best choices? Maybe you can find the answer in KAISHAN Group. We are the biggest air ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

The KG320/KG320H down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped ...

The KT9C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling,

Kaishan down-the-hole drilling rig accessories

and other infrastructure industries.

Kaishan KG726 dth drilling rig is fewer wear parts, lower maintenance requirements, and reduced downtime contribute to lower overall drilling costs.

The KG520/KG520H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

Down the hole drilling rig has a hydraulic wet dust removal system with adjustable water volume and water pressure, and water pressure alarm function. The rig ...

Zhejiang Kaishan Compressor Co., Ltd. is a specialized compressor company with a history spanning over 60 years. It is currently the largest air compressor manufacturer in China.

The KT15integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

The KG410/KG410H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

KT25 open-pit down-the-hole drilling rig is a new type of drilling equipment carefully designed for the needs of large open-pit mines on the basis of years ...
