

YSP45 upward pneumatic rock drill

After 13 years' development, our annual produce capability has reached 25,000 sets of rock drill machine and 800,000 pieces of rock drill parts. And what is more, all of our products has ...

feature: YSP45 upward pneumatic rock drill is powered by air pressure. It has the advantages of simple structure, high reliability, strong adaptability and low cost. The machine has large ...

The YSP45 upward rock drill also known as YSP45 stoper rock drill which drilling in quarry and coal or limestone mine. Its robust design for tough working condition. It has high ...

Product Description YSP45 air leg rock drill designed for operations in medium-hard and hard rock in bore raising. Able to drill up-holes and holes 60 degree 90 degree the horizontal plane ...

YSP45 Drill for upforwards Drill YSP45 air-leg rock drill is a heavy duty air-leg rock drill with high efficiency and low consumption, especially suitable for railway, highway, hydropower and other ...

The YSP45 stoper rock drill drilling in quarry and coal or limestone mine "s robust design for tough working condition has high inexact frequency and is mainly used for producing drilling, raise ...

It has high inexact frequency and is mainly used for drilling, raise driving, bolting and other defence project facility. It's high efficiency, upward (60-90 degree) ...

YSP45 machine is an upward-type high-frequency rock drill, mainly used in mining, shaft extension and patio rock drilling environment . The drilling direction is from 60°; to 90°; from the ground, and ...

YSP45 Pneumatic Rock Drill Drilling air leg hammer Upward High Frequency Rock Drill from Chinese Machinery supplier - Meo Textile Clothing Co.LTD on tradechina

YSP45 Stoper rock drill operate by the air compress repeatedly. The piston stroke the shank, and then piston turning with the shank. The adjust pressure valve of back head control the pusher, ...

Introduction of YSP45 Portable Handheld Pneumatic Air Leg Rock Drill Air Pneumatic Rock Drill Coal Rock Drilling Machine YSP45 Quarry Pneumatic stopper Upward Rock Drill is widely ...

YSP45 Mine Hand Held Stopper Pneumatic rock drill YSP45 is suitable for upward drilling. It widely used in underground mining, tunnel, shaft sin King ...

YSP45 air leg rock drill designed for operations in medium-hard and hard rock in bore raising. Able to drill

YSP45 upward pneumatic rock drill

up-holes and holes 60 degree 90 degree the ...

Product Description: Air leg rock drill is rock drilling equipment with high high impact energy, and lower air consumption, it is widely fitting for coal mine, railway traffic, water conservancy and ...

YSP45 Upward Pneumatic Drill can be purchased by made in china manufacturing at a cheap price. Our factory is one of China's professional YSP45 Upward Pneumatic Drill manufacturers ...

The YSP45 Rock Drill is a high-frequency pneumatic rock drill that excels in upward drilling applications. Its robust design and powerful performance make it suitable for a wide range of ...

YSP45 rock drill The YSP45 rock drill is a pneumatic tool commonly used in mining, quarrying, and construction for drilling holes in hard rock surfaces. It operates using compressed air to ...

Industry-specific attributes Type pneumatic rock drill Power Type Electric Use Ore Voltage 220V Drilling Diameter 50MM, 40mm Drilling Depth Max.6m

YSP45 Stopper Rock Drill The YSP45 stoper rock drill drilling in quarry and coal or line ston mine s robust design is for tough working condition has high impact frequency and is ...

The YSP45 stoper rock drill drilling in quarry and coal or line ston mine s robust design is for tough working condition has high impact frequency and is mainly used for producing ...

The YSP45 upward rock drill also known as YSP45 stoper rock drill "s robust design for tough working condition. It has high inapxct frequency .YSP45 upward rock drill designed for ...

The TIGER YSP45 is a vertical pneumatic rock drill engineered for upward, inclined, and horizontal drilling in medium- to hard-rock formations (f8 - f18). Weighing 45 kg, it delivers ...

It has high impact frequency and is mainly used for drilling, raise driving, bolting and other defence project facility. Its high efficiency, upward (60-90 degree)drilling,tough working condition blasting.

Feature highlights: The YSP45 Pneumatic Rock Drill delivers high-frequency performance with a drilling shock frequency of ≥ 42 Hz, ensuring efficient operations. Its robust design supports a ...

YSP45 upward high frequency rock drill is mainly used for mining, shaft excavation and rock drilling in the excavation of the patio. It can drill upwards in the 60° to 90°; direction of the ...

It used in mining, shaft sinking and excavate the patio drilling operations, drilling in ground into 60 degrees to 90 degrees upward direction of the hole, It can also be used to anchor installation.

YSP45 upward pneumatic rock drill

The YSP45 Pneumatic Jack Hammer is a robust industrial drilling solution designed for efficient rock breaking and mining operations. Equipped with a 40mm drilling diameter and pneumatic ...

It has high inexact frequency and is mainly used for drilling, raise driving, bolting and other defence project facility. It's high efficiency, upward (60-90 degree) drilling, tough working ...

YSP45 Quarry Pneumatic Stoper Upward Rock Drill is widely used in drilling quarrying for rock, stone, coal or limestone mine. It's robust design for tough working condition. It has high inexact ...

YSP45 Stoper Air Leg Rock Drill applied in mining, tunneling or rock drilling work, to drill up holes with angle to the earth within the range from 60 to 90 and also can be used for bolting work ...

Upward High Frequency Pneumatic Rock Drill, Our company has built stable business relationships with many well-known domestic companies as well as overseas customers. With ...

YSP45 air leg rock drill designed for operations in medium-hard and hard rock in bore raising. Able to drill up-holes and holes 60 degree 90 degree the horizontal plane can also be used ...

Drilling Depth Max.5m Condition New Type Rotary Drilling Rig Power Type Pneumatic Brand Name DALISHEN Use Ore Voltage None Dimension (L*W*H) 142X39X16CM Product Name ...
